

## MASSACHUSETTS BILL STATUS

Generated 4/27/2016 by MassTrac

### HB1209 - An Act making drug dealing subject to dangerousness hearing determinations

Sponsor: Rep. Cabral, Antonio (D)

Summary: Amends GL 276:58A relative to dangerousness hearings, by including drug offenders among the group of defendants who will be subject to the hearings. Under current law, only offenders who are accused of felonies involving use of physical force, violation of an order, or abuse are subject to dangerousness hearings and the potential for pre-trial detention without the possibility of parole; under the bill, drug offenders would be subject to the same risk. (Note: historically the only question at bail hearings was to evaluate the risk of an offenders fleeing the jurisdiction of the court. Dangerousness hearings are a relatively recent development in criminal law, where the justification for detention is not the likelihood of flight, but the likelihood of reoffending prior to trial.)

Last Action: 03/16/16 - H - Accompanied study order

### HB1268 - An Act relative to repeat domestic violence offenders

Sponsor: Rep. Dwyer, James (D)

Summary: Amends definitions of household and or family member and classifies both persons under the term domestic; articulates distinct, escalating penalties, based on number of previous convictions for whoever commits a subsequent assault or an assault and battery upon another defined as a domestic; requires for any conviction of this section, the court must order the defendant to complete a certified batterers intervention program unless the court shows otherwise.

Last Action: 03/16/16 - H - Accompanied study order

### HB1337 - An Act relative to intentionally blocking or preventing access to a public roadway or highway while protesting with the express purpose of preventing passage of others

Sponsor: Rep. Garry, Colleen (D)

Summary: Filed in response to the "Black Lives Matter" protest that snarled traffic on Route 93 on January 15th, 2015, and in which several emergency vehicles were caught up in the traffic jam, this bill criminalizes the act of intentionally blocking or preventing access to a public roadway or highway while protesting. This offense is to be chargeable as a felony and punishable by imprisonment in state prison for up to 10 years and by a fine of up to \$1000. If charged as a misdemeanor, the maximum penalty would be 2½ years in a House of Correction. (Please note that no General Law is amended or created.)

Progress:           Referred to Committee

Last Action: 03/14/16 - H - Extension order filed (until May 2, 2016)

### HB1380 - An Act increasing penalties for discharging a firearm in a dwelling, residence or structure where persons reside

Sponsor: Rep. Holmes, Russell (D)

Summary: Adds new section 12G to GL 269, the statute governing Crimes Against Public Peace, to make discharging a firearm into a dwelling or residence, a daycare facility, an elementary or secondary school, college or university a crime punishable by imprisonment for one to five years; establishes the one year sentence as a mandatory minimum sentence.

Progress:           Referred to Committee

Last Action: 03/16/16 - H - Extension order filed (until May 2, 2016)

### HB1497 - An Act to prohibit gunfire directed at dwelling houses

Sponsor: Rep. Mom, Rady (D)

Summary: Adds new section 18D to expressly create a criminal offense for shooting a house with a mandatory minimum sentence of 5 years and does not allow for a suspended sentence, early release, continuance without a finding, or other reductions in sentence.

Progress:        Referred to Committee

Last Action: 03/16/16 - H - Extension order filed (until May 2, 2016)

### HB1647 - An Act relative to the protection of public safety officers

Sponsor: Rep. Vieira, David (R)

Summary: Amends GGL 268 by imposing ;a term of imprisonment in a jail or house of correction for one year upon any prisoner or inmate of any correctional facility found in possession of a handcuff key.

Progress:        Referred to Committee

Last Action: 03/16/16 - H - Accompanied study order

### HB1648 - An Act relative to possession of hypodermic needles and protecting public safety officials

Sponsor: Rep. Vieira, David (R)

Summary: Amends SL 2006:172 relative to HIV and Hepatitis C prevention, by adding provisions to protect first responders from unprotected exposures caused by needles. The bill purports to create an incentive for those with needles in their possession to inform those who may be accidentally stuck by the needle. The bill creates this incentive by criminalizing the failure to provide this information. Specifically, the bill establishes that anyone who has in their possession a hypodermic needle, and refuses to inform law enforcement, fire, or EMS personnel when asked if they have a needle, is to be punished by imprisonment in jail or house of correction for up to 1 year, or by a fine of between \$500 or \$1000, or both.

Progress:        Referred to Committee

Last Action: 03/16/16 - H - Accompanied study order

### HB1670 - An Act to increase penalties for heroin distribution

Sponsor: Rep. Whelan, Timothy (R)

Summary: Amends GL 94C:32 relative to class A controlled substances by adding new provisions establishing a mandatory minimum for all class A violations of at least 2½ years incarceration. (Please note, however, that the bill also appears to allow incarceration in a house of correction for only 1 year, which appears to be at odds with the requirement of the mandatory minimum. Also, in order to have incarceration in a state prison, the offense would need to be indicted as a felony, in which case the minimum term of incarceration would ordinarily be 5 years.)

Progress:        Referred to Committee

Last Action: 03/16/16 - H - Accompanied study order

### HB1671 - An Act to increase penalties for distribution of oxycodone

Sponsor: Rep. Whelan, Timothy (R)

Summary: Amends GL 94C:32A, the statute governing distribution of Class B controlled substances, to include opiates in the same grouping of cocaine and methamphetamine that requires a mandatory minimum sentence of two and a half years.

Progress:        Referred to Committee

Last Action: 03/16/16 - H - Accompanied study order

### HB1672 - An Act to enhance safety on public ways

Sponsor: Rep. Whelan, Timothy (R)

Summary: Adds a new section to GL 266 (Crimes Against Property) that essentially criminalizes blocking a public roadway. Specifically, the bill establishes that anyone who knowingly, and not being authorized by a written permit issued by the municipality, stands or remains, or erects any barrier on a public way with, the intent or effect of disrupting (not "disputing," as the bill indicates) traffic, may be guilty of an offense punishable by incarceration for 1 year, and a fine of up to \$2,500. In addition, a conviction or findings of sufficient facts will be prima facie evidence

of civil liability in any action brought in connection with injury to person or property resulting from the traffic disruption. (Please note that this bill is essentially a response to the "Black Lives Matter" protest that snarled traffic on Route 93 on January 15th, 2015, and in which several emergency vehicles were caught up in the traffic jam. Please note also that criminalizing this 1st amendment conduct may have constitutional implications, since these provisions would be subject to the strictest scrutiny and therefore must be as narrowly drawn as possible.)

Last Action: 03/16/16 - H - Extension order filed (until May 2, 2016)

#### **HB1689 - An Act relative to needle stick injuries suffered by first responders**

Sponsor: Rep. Calter, Thomas (D)

Summary: Amends GL 149 (Labor and Industries) by adding a new section relative to needle stick injuries suffered by first responders. In particular, the bill establishes that whenever the skin of any first responder is punctured or scratched by a syringe, needle, tooth or other sharp instrument while in the performance of their duties, the employer of the first responder will continue to pay the first responder for any scheduled time that the responder needs for testing or treatment of any infectious disease, including potential HIV, AIDS or hepatitis. If after a reasonable investigation, the employer doubts the truthfulness of the first responder's incident report, the employer may withhold payment required until an appeal is resolved.

### HB3480 - An Act relative to establishing an independent review board for police shootings

Sponsor: Rep. Gentile, Carmine (D)

Summary: Establishes, within the Executive Branch, an Independent Police Conduct Review Board. The Board is to hold such meetings and hearings as are necessary to accomplish its duties; 3 members will constitute a quorum. The board is to employ an Executive Director, at least 2 staff attorneys, and such investigators and support staff as are reasonably necessary to accomplish its duties. In addition, a separate new section requires every law enforcement agency to report any instance in which a member discharges a firearm and another person is shot to the Independent Police Conduct Review Board within 24 hours of the shooting, regardless of whether or not that person is killed or suffers serious bodily injury. A ruling by the Board that a member of a law enforcement agency acted unlawfully, engaged in misconduct, or otherwise acted inappropriately in an instance in which the member of a law enforcement agency discharged his or her firearm and another person was shot will result in termination of employment and a ban on employment with any law enforcement agency in the commonwealth for a period of no less than 10 years, and revocation of any license to carry a firearm, which will not be renewable for a period of no less than 10 years.

### SB886 - An Act relative to indemnification of University of Massachusetts Police

Sponsor: Sen. Moore, Michael (D)

Summary: Amends GL 258:9A relative to actions against members of the police force to provide that the Commonwealth shall provide representation to the police department of the University of Massachusetts in the case of a claim for damages resulting from an intentional tort or violation of civil rights. Further provides that the Commonwealth shall indemnify the police department of the University of Massachusetts from all expenses in such a case. However, if the police department of Massachusetts acted in a willful, wanton, or malicious manner, it shall not be indemnified by the state. (The language is not entirely clear if this applies to solely the department as an entity and an argument could be made that the individual police officers of the department are not included in this legislation).

Last Action: 03/21/16 - S - Referred to Senate Committee on Ways & Means

### SB904 - An Act to protect the commonwealth's residents from identity theft

Sponsor: Sen. Spilka, Karen (D)

Summary: Amends provisions of law relative to identity fraud, by creating new definitions of direct victim, indirect victim, identity theft passport, identity theft report, and law enforcement agency; establishes that a person who has learned, or reasonably suspects, that their identifying information has been unlawfully obtained or used by another, may initiate a law enforcement investigation by contacting the local law enforcement that has jurisdiction over the persons residence. A law enforcement officer will be required to accept an identity theft report from the victim and, if a suspect who lives somewhere else can be identified, notify law enforcement authorities in that jurisdiction. A law enforcement officer may arrest, without a warrant, any person the officer has probable cause to believe has committed the offense of identity fraud who is found in the Commonwealth. A victim may bring a civil action in the superior court of any county in which any part of the act took place, regardless of whether the person who committed the violation was ever physically present in that municipality, and the victim may seek an injunction or to recover \$5000 for each incident, or 3 times actual damages, whichever is greater; a civil action under this section does not depend on whether or not a criminal prosecution has been, or will be, instituted under this section for the acts which are the subject of the civil action. Separately the bill prohibits any person from knowingly, willfully, and with the intent to defraud, possess or use a scanning device to access, read, obtain, memorize or store, temporarily or permanently, information encoded on the magnetic strip or stripe of a payment card without the permission of the authorized user of the payment card, or to use a reencoder or a skimming device. The bill distinguishes between a direct victim, who is any person or entity whose identity has been compromised, and an indirect victim, which is a corporation or governmental unit that incurs loss or harm as a result of a crime, as well as family members, guardians, custodians of a minor, incompetent, incapacitated, or deceased persons.

### SB1234 - An Act relative to military grade controlled property

Sponsor: Sen. Barrett, Michael (D)

Summary: Amends provisions of GL c.29 (State Finance) by making special provisions for the transfers of military-grade controlled property to local law enforcement agencies under the so-called "1033 Program." In particular, the bill provides that transfer of military grade controlled property or of federal funds or grant monies relating to military grade controlled property from a federal agency to a local law enforcement agency within the Commonwealth will be subject to the following requirements: (1) a local law enforcement agency seeking to apply for the transfer of military grade controlled property must provide notice to the local legislative body of any intended application, including a detailed list of supplies and equipment sought to be acquired; (2) the local legislative body must hold a public hearing regarding the prospective application, due notice of which must be advertised to the public, and must allow the public the opportunity to testify and comment at the hearing; (3) the local law enforcement agency must respond in writing to any questions and matters raised by officials and residents at such public hearing; (4) no local law enforcement agency may apply for the transfer of military grade controlled property without a prior public vote of approval by the local legislative body, which approval must describe the supplies and equipment to be sought with particularity; (5) all applications by local law enforcement agencies for the transfer of military grade controlled property must include documentation of legislative approval. (Please note that the "1033 Program" was created by the National Defense Authorization Act of Fiscal Year 1997 as part of the U.S. Government's Defense Logistics Agency Disposition Services to transfer excess military equipment to civilian law enforcement agencies. Questions have been raised about certain jurisdictions, mostly outside of the Commonwealth, getting and using military gear inappropriately in police actions, without the city, town or county in question ever having been informed.)
